2014-2015	XII (HSC)	A.R.C Matriculation Hr Sec School, Coimbatore	89.66%
2012-2013	X (SSLC)	A.R.C Matriculation Hr Sec School, Coimbatore	98%

Areas of Interest:

- Database Management Systems
- Data Analytics

Project Works:

HOUSE PRICES

Description:

The problem is to predict the sales price of the houses based on some previous house details. Each house has an id and to predict the value of sales price variable for each id in the test sets. Regression techniques are used to predict the prices.

Tools: RStudio

DOOR STEPS

Description:

This allows the users to register themselves and to filter the houses according to the user's wish using some attributes like location, number of bedrooms, bathrooms and price. The filtering is done and the desired house can be selected.

Tools: NetBeans, Java, SQL

Skills:

Languages	C, Java, R
Web Languages	HTML, CSS
IDEs	Eclipse, NetBeans, RStudio

Co-Curricular Activities:

- Attended a workshop on **R Tool for Data Mining**, a national level workshop, held at Kongu Engineering College, Perundurai.
- Attended a workshop on **Developing Lean SaaS using Python**, conducted by Bastin Robins Company at Kumaraguru College Of Technology.
